This petition is basically "It's something, sign!", not gonna achieve anything like that.</p> <p>What they could do, though, is sell the game or make it open source for the community to improve (see: <a href="http://battlelog.co" rel="nofollow">http://battlelog.co</a> - BF2 community improving its game whose multiplayer's server browser was officially shut down, yet they got it back up by themselves. That's what the petition should be about.</p>

costa raquel	lisboa, Portugal	2015-04-15	Plzz don't close the BFP4F
João Esteves	Viana do Castelo, Portugal	2015-04-15	They are not gonna reactivate the game just because of a petition. It was obviously not generating profits any longer (due to shit game decisions they made, starting after the game's peak of Summer 2011, such as Tier 3 Boosters and gun attachments). This petition just seems like "It's something, sign!".  You should make actual realistic suggestions. I'd say, sell the game or make it open source for the community to improve it (see: <a href="http://battlelog.co" rel="nofollow">http://battlelog.co</a> - BF2 community keeping it alive). No need for EA's support to host servers. If BF2 has dedicated servers, why not also BFP4F?

Anonymous Gamer	Brighouse, United Kingdom	2015-04-15	I've been with the game 3 (almost 4) years in even though this game has lots of weak points, i just get a really good feeling and makes me less stressed and more happy! It's such a good game. If I could buy a share into Easy/EA, just to keep the game running for just another year or two, it'd be so rewarding and awesome. Sadly, I'm only 15 so I would never have enough to get a share.

Konrad Baçalski	Katowice, Poland	2015-04-16	I don't think that BFP4F is a goldmine anymore, but I think that Devs were doing a great job recently and there's plenty more to do. I think that EA should remove some of their public servers because it could save them a lot of money and that's because most of the people play only on private servers and if some1 plays on EA server it's that they had choosen quick game. I want this game to still be part of my gaming collection.

I understand that BF Heroes got an EOL, this makes sense. BF P4F is still working well with the actual hardware the players are using.  Please consider the lost of trust and money in future before shutting down BF P4F.

Fabian Limmer	Germany	2015-04-16	I sign because I've bought too many items for Play4Free and Heroes. This is just a massive slap in the face of everybody who used real money on their account. P4F and BfH may not be the best games, but it was fun to play every once in a while. I played P4F since it was in the closed beta and I hate that EAsy is going to take down.

Jannik Röhrigg	Germany	2015-04-16	Dieses spiel mir immernoch viel spaß macht und man es auch auf nicht so guten PC's spielen kann. I love this game. ^^
Tim Cyr	Lake Mary, FL	2015-04-16	I'm signing this potition because Battlefield Play4Free is not dead. This game has been growing alot daily and I always see a new player on the battlefield everyday. This is such a good classic game to play to pass the time. I always would come home from school and wipe the dust off of my computer and load Battlefield Play4Free and play for hours and hours opoend. The devs did a good job at keeping this game going for 4 years they always did a good job at what they have done until this point. This really disopoints me to see such an awsome game like this just take its last breathe. If you can keep this game going for a couple more years that would mean the world to me. I mean look at how old CS-GO is its 4 years old too and it is still.up and eunning I o ke a new game. Their are still Youtubers playing this game, some examples are [G6]Sniper, Dr.Snipez, Manbearpigify,Bushes Gaming, and NovaSakke. Their is still alot of hope for this game it would be such.a waste of countless numbers of time and money that was put into this game to just see it come to an end like this.  Best of luck. - Colonel_Graff

Dennis Schneider	Germany	2015-04-16	Ich nicht denke das diese Game am Boden ist. Mit ein wenig neuem Kontent kann es locker mit anderen P4F Games mithalten. Ich hatte eine schöne Zeit mit diesem Stück Software und ich hoffe nicht dass das jetzt endet.

Nicolas rios	Montevideo, Uruguay	2015-04-16	este juego me dio a conocer un gran grupo como es el clan FLU y ya hace 3 años q lo juego y a ninguno de este clan le gustaria q lo cerraran ya q es donde pasamos el tiempo libre. es un juego rapido, agil y con monton de virtudes ya q esta bueno graficamente y su jugabilidad. la variedad demapas y armas y etc. tambien es un juego q se corre en casi todas las pc y ahora encontrar un similar para q a todos les gusten y les cora no es facil. si pudieran dejarlo abierto se lo agradeceria todo este clan y creo q mucha mas gente. si no le quieren dar mas bola esta bien, no actualizar o etc pero si lo dejan abierto y no le hacen mas nada estaria bueno sacar todo lo q se compra con funds y dejarlo con la moneda del juego ya q no se va a volver a actualizar o etc. desde ya muchas gracias. matthew clanton	Kingsport, TN	2015-04-17	i have 2 sons a daughter in law and a brother who play this game as well as myself. it is something we all get together and can do for family fun even if we are not all in the same household. i have spent ALOT of money between my kids accts and mine and would continue to do so.i dont know EA reason for shutting this down but i think it is a poor decision.with the money this game brings in it could be easily upgraded. the battlefield title will always bring new customers and the clans are always willing to recruit and do events to make it more fun and popular for the players.SAVE BFP4F. this game is also VERY popular worldwide and EA will lose a lot of revenue due to its closing. keep it up guys and i support this petition.
isaiah riolo	Birkirkara, Malta	2015-04-17	This game brings me so many memories with my friends and its sad to see it go
Abhijit Pande	Pune, India	2015-04-17	EA/Easy has extorted significant amounts of money from players over the runtime of this game. During this tenure, they have provided very little in terms of genuine support to fix bugs, glitches and reduce hacking. It is their fault that more people haven't taken to the platform due to the huge buy in costs and the pay to win mechanism that is bumped up by the crooks at EA/Easy through nerfing weapons and reducing their capabilities.  To withdraw support at a stage when several people have already expended that buy in, is nothing short of criminal and showcases the lack of ethics of EA. If EA cant handle it, they should hand it over to freelance developers who can make something better of it.

nicolas maguin	France	2015-04-17	J'ai pris beaucoup de plaisir à jouer à ce jeu et je ne souhaite en aucun cas le voire disparaître... il y avait certe quelques aimboters, certe quelques rageurs, certe peu de serveurs mais en raison de tout l'argent que j'ai pu mettre dedans et le fait que je ne trouve aucun jeu de remplacement qui y arrive à sa cheville, je ne désire pas voir ce jeu disparaître... Que vont devenir ProfessorSnipe, Shodredux, Whogoingme, Nova Sakke, the28tank et pleins d'autres youtubers qui sont en voie de developpement...  je joue à ce jeu depuis un peu moins de 4 ans, je vous supporte depuis le début, j'ai passé des centaines heures dessus. J'ai arrêté pendant 2 ans et je m'y suis remis... Pourquoi?, parce que ce jeu est cool plein de gens sont en accord avec moi. Ce jeu a en effet quelques problèmes de communauté mais il est largement possible de pallier à ce problème...  Après si on prend en compte que tous les jeux développés ou piqués par Easy sont en train de disparaître, on pourrait se demander s'il ne s'agit pas là de problèmes d'argent... auquel cas cette petition n'aura quasiment aucun effet...

jefrey soriano	Brentwood, MD	2015-04-18	I love this game and it would make me really sad to see it go. I have been playing it for over 3 years and I think it is the best first person shooter out there for most people. This game is free to download so you don't need to worry about paying 40-60\$ and more for DLCs, though weapons are limited. Once you can afford to spend money on upgrades the selections are extensive, with new guns being added every year or so. Another reason I like this game is because it can be played on even the weakest modern iGPU, that helps many who do not have the financial resources for a gaming PC a chance to play a popular FPS. I have seen this game played on a A8-6410 APU based laptop which only has 128 gpu-shaders @ 800Mhz, it still cranked 40-50 FPS on low settings @ 720p - I think that is pretty cool. People who cannot afford fast computers will buy budget desktop or laptops that have AMD APUs which can handle a limited selection of games due to how weak they are. BFP4F is a very fun game that I would recommend many people to download for free on their computers. Please don't destroy this fun and budget friendly game EA, many people will not be happy if you shut it down for good.

Christopher Williams	Los Angeles, CA	2015-04-18	I'm signing because I have been playing Play4free since a little after beta. It started off as a pass-time hobby, and then I met a family that will change my life forever. It was a family of 9 from Kuna, Idaho. My life at home was very rough. My mother did not support my interest in PC gaming and my father pretty much accepted her opinion as truth. Every computer part I had was one that was either found in junk computers or donated from someone who found it useless to them. I had a crappy computer, crappy internet, and a crappy monitor. They seen my struggle and bought me a brand new computer package from Newegg.com and had it shipped to my front door. This gave me the ability to scavenge up my old model and junk it for cash to get half decent 22 in. element monitor. I've played with this family for about 3.5 years now. They call me son, brother, family. I have never seen not one of these people in real life. Play4free introduced me to a family when my real family seemed like strangers to me. To take this from us would be like taking a family member from us.

If this messages will be once sent to EA, why did you made from gaming only dirty bussines! You are shame of gamers community! Just sell it to somebody who love games. This game must live!

Zachery Daniels	Portland, ME	2015-04-18	I signed because not only do i love this game like most of everyone else who plays it, Its also one of the only fps games my computer can handle and I'm not able to go out and buy a new computer every month for the newer and newer games, would be nice to actually see something stick around for awhile, Like for example .... SAMP. not saying this to promote that game but for a reference, its been open for like the past 7 years. Might be exaggerating a bit but still.

André Serafim	Portugal	2015-04-18	I simply love this game, if you shut down this game, you're shutting down part of my heart, the money you received from me? From ALL players? And still this is just a free2play game, most of free2play games people don't spend a single cent, but in this one, you earned much money! Hundreds, maybe thousands of € and you're shutting down this game just like that? I don't think is a good thing to do, but this is just my opinion, I don't want EA to shut down this game, we still love it! Please, think twice before you shut down this game. Hope this will help EA not to shut down Battlefield Play4Free. Thx for listening

Juan Pablo Rueda Mosquera	Cali, Colombia	2015-04-19	Este es uno de mis juegos favoritos que he jugado. Empecé a jugar por primera vez desde el evento de la Steel Deagle (en el 2012) hasta en la actualidad y para ser sincero, otro de los juegos que crea más emociones: diversión, franquicia, rabia (en algunos momentos), risas, pero lo más importante es el entretenimiento de todos nosotros. Aunque ninguno de mis soldados haya llegado al Rank 30, me siento totalmente feliz con este juego, no solo por entretenimiento, sino porque en realidad, me siento en un campo de batalla, de manera que pude conocer muchísima gente, tanto mundial como en mi propio país. Estoy escribiendo toda mi maravillosa experiencia porque, NADIE de nosotros quiere que cierren el juego. Todos nosotros hemos dado mucho para este juego, para mostrar todo el apoyo que tenemos frente a Battlefield Play4Free.  Vuelvo a insistir una vez más: NADIE QUIERE QUE CIERREN EL JUEGO!!! Para que continúe la guerra... una guerra de amistad que no se ha terminado.

jorge ivan paez	Sogamoso, Colombia	2015-04-19	porque definitivamente el juego es muy bueno. hay personas que no cuentan con una pc para correr otros juegos, en mi opinion deberian de hacer algunas mejoras viciales y modernizar el juego para q atraiga nuevos jugadores, es obvio que algo de marketing y nuevo relanzamiento alludarian mucho.. les agradeceria muchísimo q no lo cerraran... si vemos otros juegos como op7 q son totalmente obsoletos y siguen en linea no se por que van a cerrar este maravilloso juego.

It honestly changed my life, all the hours I spent and all the money I spent - I don't regret any. I just wish they would leave the game open, without updating, it wouldn't die, I know veterans would be playing it. It's just sad that they're shutting it down and kinda robbed people for it..

Bálint Kurdy	Sturovo, Slovakia	2015-04-24	I played this game always for fun, it was some kind of "having rest" for me. Actually, I can't understand EA's decision about to close it.... they have the option to sell the game to another developer, but they dont even want to find a normal solution for keeping it running. The another old-school game for me was BFH. It was really fun to play it with friends, absolutely the only FPS shooter, which was funny to play. I admit that we can find a solution.

Clinton Corwin	Defiance, OH	2015-04-24	Im signing because i am a veteran (i used to play with a different email than the one here) and this game has been my favorite BF game besides Bad Company and i dont want to see it go, there are still quite a lot of people playing the game but EA doesent see that through their own greed and stupidity. EA is losing money because of their many stupid mistakes over the years and now they want to shut it down even though they could easily fix the problems that already exist.

Leonardo Fhelippe Santos Carvalho	Bahia, Brazil	2015-04-30	Por que diferente do que a EA pensa sobre o jogo, tem varias pessoas que jogam o jogo e gostam de verdade de jogar diariamente o jogo, quando jogamos um jogo, deixamos que ele faça parte da nossa vida, mais como a EA esta fazendo essa crueldade com o jogo, acho que um pedaço meu esta morrendo junto com o jogo.

Gerald Siew	Port-of-spain, Trinidad and Tobago	2015-05-16	I would like battlefield play4free to remain open as on online game. Its an amazing game and i enjoy playing it very much. My character is FIREBALL12345 and i am a recon rank 29. I currently have 89 friends on my friend list and they are really some great players. So please reconsider keeping it open. Its the best online game i have played judging from where i live. This game is really interesting to me because of the simplicity of the characters, environment and things you can do, its so easy to get caught up in this game and while playing i always want to try some new strategy or something to somehow try and outsmart the other players. The designers did an amazing job and i really hope to continue playing it as much as possible. Please keep the game open. Thank you.
Nicolás Farfán	Santiago, Chile	2015-05-16	Espero se les ocurra una mejor idea que cerrar el juego! ya me a tocado ver la baja de algunos juegos de EA online ejemplo: consola "PSP", la dejaron botada, aun teniendo varios usuarios, muy mala politica!...aguante! battlefield-play4free

Brandon Stadelman	Banning, CA	2015-05-21	I really enjoy the game and I've spent a lot of money on it. Enough to buy 4 or 5 games at least! To shut it down seems to be setting a precedent that players ought not be willing to pay for any further games under the P4F model. With server hosting largely paid for by your players, it doesn't seem that it should take much to meet a bottom line and keep the faith of your customers.

Ricardo Martín Rodríguez	Spain	2015-06-12	Este juego me ha hecho pasar innumerables horas en las que no solo me he divertido como con ningún otro juego, que, siendo gratis ha tenido un mantenimiento y una calidad impresionante y sublime a pesar de no ser perfecto, pero únicamente porque la perfección es imposible, sino que además me ha enseñado humildad, a trabajar en equipo, y a ver como un juego es capaz de superar diferencias en todos los ambitos que pueden llegar a separar o enfrentar a personas de puntos opuestos tanto del planeta, como ideologicamente.

Benedict Lang	Germany	2015-06-13	With this game you had the best chance as a beginner to take residence in the game series of Battlefield and to see if it is worth it to buy one of the games . It offered a variety to so many other shooter games . With many updates the Play4Free game was brought up to date , and therefore more interesting . New bugs were fixed quickly . There have invested a lot of people money in the game so they could enjoy the game to the fullest . The servers were always full , this is in my opinion one reason alone , if you compare the game with the new CoD-AW. I have nothing bad to write about the game ... Please let the game online - Save Battlefield Play4Free !!!!!

Kapanmaması gerektiğini düşünüyorum ve destekliyorum. Binlerce kişi aynı benim gibi funds aldılar ve level yükseltmek için oynadılar. Siz ise dalga geçer gibi oyunu kapatıp sileceğinizi söylüyorsunuz!

Alessio Specchia	San Vito dei Normanni, Italy	2015-06-15	all'inizio del 2012 un amico mi parlò di questo gioco, ero molto diffidente, perché gli sparattutto non erano di mio gradimento, ma deciso di scaricarmelo lo stesso. È stato il mio primo sparattutto che abbia mai giocato, a questo gioco mi sono legato tantissimo e nonostante ho provato decine di giochi tra cui bf3, bf4, bf hl, cod vari, nessuno arriva al mitico play4free. È come il primo amore, non lo dimentichi mai e sai che nessun'altro sarà come lui. Per favore non chiudete questo gioco, ho passato ore, giorni, settimane, mesi, anni incollato, francobollato a quello schermo giocando, divertendomi tra arrabbiate, gioie e conoscendo persone stupende.

Dooonc , déjà à l'époque (depuis ce jour, du coup, environ 1 an, bien des joueurs s'étonnaient que l'on puissent avoir les armes niveau 40 alors que l'on était niv 5 !! Bref, avoir contre de l'argent les meilleurs guns, qu'importe son niveau d'évolution dans le jeu. Vu que c'était il y a déjà 1 an et demi , chacun de ceux qui le reconnaîtront, savent ceci : Ce n'est rien d'autre, qu' UN MEURTRE AVEC PREMEDITATION !!! Depuis près de 2 ans, ces salauds savent que notre jeu va être terminé, c'est pourquoi ils ont ouvert les vannes de l'argent avec l'accessibilité aux armes qu'importent le niveau. Ils savaient, nous ont pillés et du coup, ne sont rien d'autres que des Porcs !!!!

Jelle Demaleneere	Brussel, Belgium	2015-06-29	I have been playing this game for years but I retired a while ago to get familiar with some other games but I never felt good not like i did with this game! So When I wanted to return it gave me the closing popup and I honestly felt bad. I have invested somem money in this game but not that much, the plan was to invest some more money tho because I saw some beautifully designed weapon which I wanted to buy! I never really enjoyed the graphics of the game to be very honest but still for a free game they are quite stunning, I loved the game for the gameplay and I want that feeling back! If EAsy ever sees my submission please let them know I loved the game and if they close it some people will have lost a load of money and everyone will lose the feeling this game gave me and others! Oh and tell them if they close it they did a great job on designing maps, the guns sounded awesome, the capture and rush points were beautifully placed it was just DONE! I loved this game and I will continue loving it because I have faith EA will listen to the community and the people who want to support this game! thank you for the good times EA

Fernando Morales	Mexico	2015-07-01	<p>The game was fun, there's absolutely no reason why EA can't devote time and effort to keep it up. In fact, that's what the game needs to be great again: time and effort, devoted into ridding the game of hackers, and to stop the abusive system that became the shop. It was literally hard to buy anything worthwhile because it was either all P4F Funds, or it costed way too much in-game currency, so unless you camped or spent the whole match in a helicopter you weren't going to get much. What does EA do to resolve this problem? Shut down the game.</p> <p>Yeah, sorry, not a smart idea. With the game being fixed, you could still have a great product. Instead, you'd rather just pocket the money we spent and say "Bye, guys!". This is the kind of thing why people distrust EA. Bad business models, and ones that abuso from us, the gamers. You should be rooting to give us quality products, not just another money grab. You used to be a good company, what the hell happened?</p>

Lennart Wilkening	Germany	2015-07-10	Ich spiele dieses Spiel seit Beginn. Schlechte Entwicklung hin oder her.. das Spiel macht immer noch unendlich viel Spaß und lenkt vom Alltag ab. Dass EA zu wenig verdient da sind sind die selber schuld wenn die ihre Spiele durch Updates immer schlechter machen. Trotzdem möchte ich um den Erhalt kämpfen da ich 1. Immer noch sehr viel Spaß an dem Spiel habe (mehr als battlefield 3 o.ä.) und ich 2. Schon Geld dafür ausgegeben habe was EA damit löscht. Ist unfair.

Noah Zürcher	Bern, Switzerland	2015-08-14	Ich bin durch Battlefield Play 4 Free auf das First Person Shooter Genre gestossen und fan von Battlefield geworden. Nebenbei besitze ich: Battlefield 4 + Premium, Battlefield 3 + Premium, Battlefield 2, Bad Company 2, habe relativ viel Geld in P4F investiert und habe vor auch Hardline zu kaufen. Ich verbinde tolle Erinnerungen mit P4F und fände es schade wenn es endgültig verschwinden würde :(.  Unfortunatly, Electronic Arts recently decided to shut down Battlefield Play4Free (and some other Free2Play games) on 14th July 2015. We need to do something about it. Sign now to support us!

Matheus Rodrigues Conte	Quedas do Iguaçu, Brazil	2015-08-23	I think BFP4F do not have 10 thousand players, so accept, its a old game who never be forget, but his time as over, so grab your money and go buy other Battlefield franchise game, origin are doing much discounts in game prices, if you PC don't run, sorry, but i had to pay much money to play the new games too, its a free game, they have the direct to shut him down, for me who be good have to be payed, do you payed for play, no, so you don't have to discuss with the enterprise.

Carlos Tames	Spain	2015-08-29	Firmo esta petición porque no me parece justo que una empresa de prestigio como es EA juegue de esta forma con sus consumidores/clientes. Yo gaste más de 100 euros en mis 4 personajes en battlefield play for free y ahora que lo cerraron me parece absolutamente despreciable por parte de la empresa administradora, pido porfavor que tomen conciencia y reanuden los servidores y la página. Lo que estáis haciendo no es nada serio, y nunca advertieron de un posible cierre del juego o que era temporal.

Kyle Godfrey	Australia	2015-10-06	Battlefield Play4Free has to be one of my favorite first person shooters. It easily utilities a unique leveling and skill tree system and this is what I like about it. It is one of the only games where your actions away from the front line affect your available actions and abilities on the front line (Vehicle skills/training, mine capabilities, tank perks, etc.). It's disappointing to me that EA has made this decision, and I wish I can help salvage what is left of Battlefield Play4Free and change EA's mind. Through its not only me that feels this way, so do 10,297 other people (As of Tuesday, 6th of October at 5:27 PM). Hopefully with my fellow supporters on this petition we can get Battlefield Play4Free back online.

Sie meinten es sind viel zu wenige Leute im Spiel das es Abgeschaltet müsse ne einfach nein! Keine Geld zurück kurz: Ganzes Geld wurde ins Klo rein geschmissen und runtergespült. Megast behindert, viele Fluchen und Weinen deshalb. Wenn ich der Entwickler wäre würde ich sowas nicht machen. Ich würde es wieder Hochfahren ließen als es jetzt so zu lassen wie es ist! Das ist meine ansage zur Petition.</p> <p>MfG vom Unterstützer</p>

Daniel Hernandez	Chicago, IL	2015-12-08	I really enjoyed this game. Heck its probably the reason I fell in love with competitive gaming. It really got me into gaming in general, plus I was an ubber try hard in it and I got so hardcore when I played it. I can say with pride that this game made me the gamer I am today. I met tons of friends and people on it and I still cherish all my time on the game with my teammates. I loved everything about this game, even the laggy servers and all those damn hackers. Overall the fun things and faults are what made this game a classic in the modern times. This game made me aware of the battlefield franchise which I still love to this day. I really do miss this game so I hope we bring it back &lt;3

Artur Biernat	Brzesko, Poland	2015-12-16	It's an amazing game that has been shut down all the way suddenly just because not creating enough income for it's creators EA but in fact there was more servers to choose from than even in BF3 BF4. It shouldn't be never ever shut down especially because players were paying for it. Or, at least they should leave the privated funded servers and they could turn off their own servers. I'd like to play the game again and I know there is plenty of others who want that too.

Daniel Abcd	:V, Colombia	2015-12-30	a pesar de no tener unas graficas tan asombrosas era un buen juego y entretenia a una buena cantidad de jugadores. logicamente deberian hacer pequeñas actualizaciones para fidelizar a los jugadores.  ademas de que este le hacia competencia al CoD por el solo hecho de que es un juego gratis y accesible en cuanto a requisitos
Nemanja Stojanović	Kruševac, Serbia	2015-12-31	I'm signing because I think and I know that this game is the best Battlefield Multiplayer game I've played (I didn't play BF Hardline, BF3 or BF4, my computer is too weak). This game has amazing graphics, lots of details and very entertaining gameplay that makes your heartbeat go faster as you play. I also want this game to last because it's what me and my friends play during free time and we are good at it, if this game was shut down we would have to play games with high level of graphics and more stronger performances. Please keep this game and leave us something to make our time lapse faster and to make us love Battlefield even more, and also makes us not think of homework and school. Keep this game, It's worth it!

Niko Loikkanen	Kouvola, Finland	2016-01-10	First at all this game was my first bf ever. That made me bf fan. Bought bf3 whit premium bf4 whit premium because of this game. I think it would be fair to EA have this game available to paly just because they gained +200€ just from me because of this game only from me and i would love to go and play this just for memories. I think that would be fair considerin that EA has gained lot of money from me just bcs of this game.

ryan viets	White Haven, PA	2016-01-23	was by far the best first person game out.. still is. just needed a new game engine to be more popular. spent 200 on the game and loved it very much.. played 4hrs minimum a day for over 4 years.. and they just flat out said nope fk em.. now bf4 is nothing but hackers and the gameplay is not half as fun as play4free was... its a sad time for gaming.. rip the only game that seemed to make sense.. {UNBEATABLE}

Aiden Pierce	Quantum, Belgium	2016-01-24	I'm signing because i want this game back to life. I don't see the reason why (Electronic Arts) they shut down this game. There were many people still playing it and you Electronic Arts keeps screwing up things! Not only Battlefield, but also Command & Conquer! If a game is still functioning and people are still into it, please keep your hands off it. You are screwing people's accounts . They all played for so long to gain that high rank and you EA must screw everything? Put the game back ON and keep your hands somewhere where it should be, like making games... EA, you are dissapointing us.

Patrick Wingenfeld	Germany	2016-04-12	Ich habe BF4, BF3, Black Ops 3, CoD, etc etc. Aber bfp4f hatte etwas, was bei all diesen Games fehlt...  Natürlich gebe ich zu, dass kurzfristig gesehen die neuen Spiele mich auch reizen; aber ich werde btw würde Bfp4f trotzdem immer noch als eines meiner Lieblingsspiele ansehen und regelmäßig dort spielen ...  Dies sehe nicht nur ich so ! Also bitte liebe Electronic Arts, fahrt die Server wieder hoch oder gebt das Spiel für die Crowd frei !
